## MODERN FACILITY

In 2017 we opened a new 3000 sqm production facility. Three new production lines increased our capacity by 50%. Our modern and efficient equipment allows us to offer our clients a shorter delivery time while maintaining the highest quality.

## NUMEROUS CERTIFICATES AND ACCREDITATIONS

# 60%

**OF PRODUCTION  
IS EXPORTED  
TO EU MARKETS**

## CUSTOMER SERVICE

The service department in our company is focused on business clients. We supply our European partners with services in six languages.

## PRODUCTION

Thanks to our highly technologically advanced production line we offer our clients the best quality products.

## LOGISTICS

The door-to-door shuttle supply system without intermodal stops allows to maintain a direct control over the completeness of shipment.

# **SLIDING** DOORS

A photograph of a modern building's exterior featuring a long, continuous row of black-framed sliding glass doors. The doors are set into a light-colored concrete or stone wall. The floor inside the building is made of light-colored wood. Outside, there is a paved patio area with a green lawn and a line of trees in the background. The sky is blue with some clouds. The image is framed by a dark red banner at the top and bottom.

**HST** SLIDING DOORS SYSTEM

# HST SLIDING DOORS SYSTEM

THIS SYSTEM ALLOWS THE CUSTOMER TO CREATE LARGE PVC GLAZING WHERE SEPARATE WINGS MOVE IN LINE WITH EACH OTHER. THANKS TO THIS SOLUTION THE DOORS ARE SPACE EFFICIENT.

- maximum width up to 3.2 m
- maximum height up to 2.7 m
- comfortable connection of two sashes gives a maximum of 17 m<sup>2</sup> of glazing
